

being able to reach out and have my questions about adoption answered whenever they arise

I like feeling connected and supported

when the shelter gives me a care plan for the first few months after adoption

when i feel prepared to take an animal home

knowing the information on a website is reliable and accurate

I like to feel that I have the knowledge to take care of a new pet

I would like to know the health of an animal before I consider adopting

I like small digestible forms when filling out my info

I like being able to use the place I adopted my dog as an information resource
